

Lincoln Skins - All My Love

I wake up every morning just to watch the sunrise slowly kiss your face
Look up to the heavens I thank the lord that we are in that place.
You have got me feeling like I never have before.
And though you say I give you everything, i wanna give you so much more.

Chorus:

So Im giving all my love to you. Baby take my hand
you & I against the world Together we will stand.
I swear Ill never turn my back I swear I'll never leave
Coz You're not just everything I want. You're everything I need.

I watch you sleeping late at night just to wonder if it's me that's in your dreams. You're the
reason I believe that this is just as perfect as it seems.
You have got me feeling like I never have before.
And though you say I give you everything, i wanna give you so much more.

Chorus:

So Im giving all my love to you. Baby take my hand
you & I against the world Together we will stand.
I swear Ill never turn my back I swear I'll never leave
Coz You're not just everything I want. You're everything I need

I need you like a garden needs the rain. And this heart of mine it skips a beat every time
you say my name.
I need you like an eagle needs the skies. And I'm in love time and time again when I look
into your eyes.

Chorus:

So Im giving all my love to you. Baby take my hand
you & I against the world Together we will stand.
I swear Ill never turn my back I swear I'll never leave
Coz You're not just everything I want. You're everything I need
